New Updated Site September 2006

Author: : dkile

Date: : 2006/9/8 21:45:22

URL:

We have had to make changes to the PaFlyFish site. I'll get into the reason later on, but for now please register as a new user and sign in again. Some parts of the site will be in the process of getting updated over the next few weeks.

The Forum is available again. You will find some small changes to the look and feel, but basically the same. Polls can be posted in the forum now. Sorry but I can not import the old post.

You can find the old forum here: <http://paflyfish.com/xoops/html/modules/newbb/index.php> . You can not log or add any posts, but can read the old ones.

As I said it will take a few weeks to get the site back up again. I will be adding the photo album again. I was able to save the old pictures and I will add them back shortly.
