This sounds to me like a great idea. Although a long time FFer who has been lucky to fish all around the US, I have never fished steelhead. Being a saltwater junkie, steel season coincides with the best surf fishing in the northeast - but this year I suppose it's time I got with the show and went to Erie. The JAM this year was a blast and I'd love to fish with Ryguyfi, JayL, Pcray, and the boys again.
