Western NY Lake Ontario Browns

For several years I have heard of and seen the pictures of the Lake Ontario brown trout runs in western NY, but the cost of doing that trip was a bit prohibitive. Now that I am living in West Chester, doing such a early November trip is much more feasible. However, I have searched the interwebs and haven't been able to find a single source of good info about the fall run of brown trout.

Do any of you have suggestions (location, flies) or know of a good source of information for me to plan this trip?

Thanks in advance.
