Can't you use the link at the top of this forum? It's the first "post" in this Fly Tying forum, titled "PA Fly Swaps 2003-2007". If you can get into it, there's a picture of the fly, which gives you a much better idea of how to tie it.

P.S. I see Jack posted while I was writing my response. He posted Chaz's pattern from the 2003 Swap. I posted his from the 2004 Swap. The picture in the 2004 Swap is better.
