URL:

the fly im tying is called the lynx terminator but im doing my own thing with it the recipe goes like this :

hook - mustad 9672 size 8 i used tmc 200r size 14

thread -black

tail- calls for brown goose i used natural turkey

rib- reddish brown hackle trimmed and palmered

side flash - calls for french tunsel i use krystal flash pearl

body- calls for peacock i used peacock black ice dub wrapped

hackle- calls for spun elk hair tied as a collar mine looks more like a hair wing

head- calls for brass bead and peacock herl i used copper and peacock black ice dub

and the original pattern credit goes to len holt

i hope these monstrosities bring everyone luck and dont send the fish running back to the lake lol
