I used some gift certs. from Cabelas a couple years ago for just such a purpose. I got a traditional 4-pc and a prestige plus reel with line and backing and a rod case all for 100 bucks. I use it for bass, at the beach, and anytime its just really windy and I need to get out further at the lake. Its a great rod for the money. I also picked up an intermediate line that helps me get flies down from the float tube and at the beach. I'll agree with O.O. that the prestige plus reel is one of their better reels. Nice drag and large arbor.
