I can now also through in a 20% discount at the Creek Company website good through june 30th of 2007. This will be 20% off any item on their website that is already on discount.

I will also part out the items. I will sell the Motor, battery and battery charger seperate from the pontoon if anyone is interested.

There is nothing wrong with the toon, I just want to move onto a fishing yak.

Thanks again
