I use the same wff line that I use for steelhead, a leader with a 12 lb tippet and clousers and deceivers. I tied the flies, of which I have maybe 2 dozen, in one weekend. I often use my clear intermediate line (preferable) which I picked up on the Orvis site for less than 30 bucks. Cabela's makes on just like it. You are closer than you think to just driving till you hit beach and throwing it out there.
