Albatross is right about stocking foot ones. Get a \$35 or so pair of felt bottom boots while you're at cabelas. I have two pair of them.... One with studs, one without. I, again, have no complaints.

I think the common thread is that Cabela's has some acceptable quality gear at a good price. Keep that in mind throughout your fly fishing lifetime.

I'm in college and can't afford much. Without cabelas and other discounted brands (and hand-me-downs) I don't think I'd be able to afford to fish as comfortably as I do.
