hi to all at p.a. and a big hello from scotland,a great site u have here and hopefully i will be fishing in p.a. next july as my partner will be at a conferance in villanova university and she has aske me along so my first reaction was can i fish there and by the looks of it i rekon there is good sport to be had.any info on fishing tactics times etc would be most appreciated.

i fish mainly on small rivers and lochs caught plenty of wee troot in stunning scenery,only took to fishing the fly last year so i am keen to learn and get out and give it a go.

thanks and tight lines.
