Guys,

Another good site is <http://www.flyfishohio.com/> & <http://globalflyfisher.com/podcast/> .

If you liked the one on carp, listen to the one by Bill Edringto on caddis, very good!!

As for others that I enjoy, go to Ask About Flyfishing and listen any of the ones done with Norm Albiston.

My addiction is to the point that my wife bought me a MP3 player so I wasn't listening to the podcasts @ home.

Something about I wasn't listening to her and blah blah blah?
