i do not know how it is possible to explain kettle creek. been from top to bottom. now the extreem top is protected brook trout. i just seemed to be there.. but it was always how it was. fishing the trophy water. a man smoking a pipe, on the trout water catch and release. long time ago. what a ggod guy. he was the keeper.now i am going back. godra had the store in oleana, marty---ruth love to them./ marty was no fool to this. he had a great ride on a moose. jumped out of the boat on a swiming moose and rode it to,shore. we call that oleana. ole bull had his thing. ole from sweeden made a mark here. i guess i was just lucky to have been there.

on all the streams. it was always as it was. met the greats. changes took place and it became different. crowded, the greats have gone away.

am thinking the greats died and left it to us. what you gonna do.

i try all my tactics, donations, t u , free leaders, save a stream, i have been copied, stole from. misused, lied too,cheated.

have not been the best . but never said i was.
