The guy that use to feed the deer they called him Slim and he feed the deer in a feed outside Cross Fork headed towards Ole Bull. I have a picture in my place of him feeding the deer. My wife and I bought a place up there around three years ago however we have been going to my father-laws hunting camp for many years. If you want some more info send me a PM I did not know him or every see him feed the deer but my wifes parents have and they have been been going to Cross Forks since 1954. I'm in Cross Forks almost every weekend so if my family does not have the info you are looking for I can find it out for you.
