No Deer.... By the way i hate game lands. There was a buck i had pegged for three years, trail cam photos and all. i let him walk twice with the bow this year. he wood have been a good one next year.....but someone shot him with the rifle. For the first time in club history no one got a deer. My father told us he's gotta go next year and show us how to do it.....LoL.....i haven't had a doe lisense in 5 years maybe i'll get one, so the street doesn't starve next year.
