

Subject: : Fly Tying

Topic: : Your tying layout Re: Your tying layout Author: : gentleshepherd Date: : 2010/2/5 19:03:57

URL:

Here's my tying area, It;s in the basement area of my home.

Pretty much everything I need is within arms length.

My laptop is to the right it has a 17 inch screen so I can watch tying videos and work as well.
