hook -- 4x streamer hook

thread -- 3/0

tail -- marabou with flashabou

body -- estaz

eyes -- hour glass eyes

color is up to you but i tied them in chartruese, but i would assume it would work good in black, brown, orange, purple, blue and white. basically its a fancy wooly bugger.

on the original pattern it has red and black eyes but i just used a nickle hour glass eyes.

got the recipe from the book "smallmouth strategies for thr fly rod" by will ryan
