why don't we all pitch in and subsidize L.J's social security so he doesn't have to sit on his porch and watch people fish in an area that he so graciously permits them to do so for a small fee , afterall if 100 people a week fish there thats 500 \$ a week , wow would that help out the old bank account , L.J i wish this charge for access idea of yours would have cam up sooner , if i charged atv riders for access to my property at 5 dollars per day per person , i know conservatively speaking i could have made at least 30,000 dollars in the last 4 yrs , good thing all of us aren't out for the money , i would hate to make a retired guy raising his grandson on a fixed income pay to have him access my ground . hopefully something this ridicoulous will never happen !!! in my lifetime or anyone elses.
