and the game commision logged it and leased it both so who cares. lets all give you 5 dollars so u can buy more ground for us , pay the taxes on it , insure it and mow the banks real pretty like they do in Europe. nothing like trying to fish pristine trout water and looking over yonder to see a bank that has over grown weeds on it , a mowed lawn with weed killer applied twice a year would add to the experiance so much more , and just think of resale value for the ones who do own stream front poperty , it can be sold as a business instead of a residential dwelling , and business minded people might be interested in purchaseing someday , but if property taxes or insurance goes up so does the day permit , rmember L.J u said it is about the land owner making a profit !!!
