Welcome!

All good advice above. I see you're from Shillington. A few of the PAFF members are getting together in the Lehigh Valley area for some tying and fishing. Dave Rothrock as well as Heritage Angler and a few other PAFFers would be able help you with your casting, gear, and fishing techniques. Try to make it. Instruction from experienced FFers is absolutely the best way to shorten your learning curve.

Here is a link to details on the get-together:
