Not sure if you saw but we are having a mini jam March 20th in Allentown which isn't to far from you. Try to make it and say hi.

I suspect you haven't started tying your own flies yet but and knowing the gang that will be there you'll walk away with a handful of flies.

Hope to see you there and welcome!

P.S. There will be an exceptional caster there that will have you casting like a pro in minutes. Well worth your drive! No joke.
