Albright has some very good deals.....also, I tested a 7-6 3 wt Temple Fork rod at the Marlborough show in January and it felt great....if I recall, I had it overlined with 4 wt line...

If you're looking for something a little more high-end, go to JP Ross Fly Rods Web site and build your own to spec....I got my wife a beautiful 7-6 4wt for Christmas.....

Check out their Beaver Meadow line...
