not sure if albright is still doing it or not but when my wife bought me the rod they had a deal that if you spent 100 \$ you got a free reel (the top water reel ) i got the 3/4 reel which balanced the model a-5 4wt perfectly , the reel weighs 3.5 oz and the rod weighs 2.7 i think , the reel is all metal , click adjustable drag , click and pawl reel , i think it is perfect for storing line on a small rod , i think it sells for like 20.00 , haven't been on their site in a while
