9' 5wt Loomis GL3. I constantly reaffirm my feeling that this is the perfect rod for me.

8' 4wt TFO Professional

7'6" 3wt Versitex

9' 9wt St Croix. It's not an expensive rod, and it's in the garage. Don't feel like checking the model.

11' 6wt Cabelas FT+ (maybe it's a PT+. I forget, but it's long and fun for steelies)

9' 5wt Dan Craft FT is in the works.

Not a reel guy. Aside from my loomis venture on the 9wt, they are all just line holders.

On deck are a fast action 7wt, and eventually a 10' medium action 5wt.
