The only truly happy people I know are single.

I don't know why I don't follow their lead.

It looks like I'll be there for Friday night and maybe Sat, so that's good. Unfortunately I'm up the creek for the cabin we got through tuesday.

Women have, and always will make me miserable in every way. No offense, ladies.

Anyone up for being GD (drakes, not dead... but that'd be ok too) roadies the weekend after? She can go to hell if she thinks I'm not disappearing into the woods for the long weekend.
