JayL, im not trying to split yet, ill give it a week first.

Hey GlockMan, for you its \$324 dollars. Ill even do free shipping.

Everyone else, \$275. Now i remember why i didn't put a price, you get some pissy old man biting your head off because you put what you thought would be a reputable deal. Which is what THEY ARE selling for on ebay. But hey, figured id give the locals a chance first.

Funny part is, the fact that your whole \$325 dollar orvis deal is a limited time offer makes the whole thing irrelevant and useless. Guess if i delete the thread and recreate it june 1st this would be a hell of a deal.

Thanks Skilitonian, and if youre interested in the combo, youre golden for \$250.
