total BS!! it's time to quit worrying about liabilities, and save the god damn gulf!!!!

bottom line, there may not be a gulf of mexico to worry about anymore.

time for someone to grow a set and take charge and fix the damn thing, it's out of control. now is not the time to worry about blame, liability or any of that crap, now is the time to save the freakin gulf of mexico.

time to get attorneys out of government and put people in charge that have the balls to do things!!!!!!!!!!!!!!
