Developing story:

*Jun 4, 2010 11:58 am US/Eastern Marcellus Shale Well Blowout Prompts EvacuationsLAWRENCE TOWNSHIP (KDKA) ?*

*There is a developing story out of Clearfield County involving Marcellus Shale drilling and evacuations.*

*According to an official with Clearfield County's Emergency Services, authorities are evacuating part of the state forest in Lawrence Township after a Marcellus Shale well blowout.*

*It happened Thursday night.*

*No one was hurt, but the blowout is still not contained.*

*Natural gas and thousands of gallons of untreated water are spewing from the well.*

*Officials are continuing the process of trying to contain the site.*

*Stay with KDKA for the latest details.*
