I myself have a Walter Rumi, a vintage H.L. Leonard & Mills, an Oyster Master Series and a Niemiera Slow Hand. You my friend have no idea what you are missing and we in the bamboo community are better off without you joining our ranks. Keep using your plastic lines and graphite rods. I guess adding one more mouth breather to the ranks that already soil this fine sport.

See, the problem here is when you can't tell if its sarcasm or someone's really this full of themselves.

I'll opt for the former.. am I in the club with my teastick, or do I at least have to upgrade to an HI first?

Will I get a membership card?
