I will be heading up to Kresgeville around July 9th(maybe) depends on my health. My wife has their annual family reunion there. When I stay for a couple of days,I usually get to fish the Pohopoco, a couple of times.

In the past I have fished below the Dam, around the Turnpike exit. If I do come up, I'll let you guys know, maybe I could hookup with some of you local guys and we could fish together.
