I chimed in on the last post regarding this book so ill just do it again in this one, too. The signed copy of this book i recieved right from Mike's hand last time he fished with my brother and I is one of my most prized in my fly fishing library. A well put together peice of fly fishing literaure.

If you have the means and are able, i recommend hooking up with Mike for a day on the South central Spring Creeks. You'll learn alot and just be in good company in general. He's a world class guy and one hell of a fisherman.
