Ross Rhythm (west branch angler is clearing stock of them) or a Cabelas Watershed (same thing as the Rhythm), Orvis mid-arbor is nice. If you search ebay and are patient, you can find a Ross Evolution for that price, a Galvan Rush or sometimes a Galvan OB. Have you looked at the Reddington Rise or the Loomis Eastfork?

Rank what's most important to you... style, weight, line capacity, drag, durability? This may help with suggestions.
