Don't forget that Brian and I forgot the cooler (which had jdaddy's stuff in it too!), and proceeded to leave his tailgate and bed cover open.

I forgot sun screen.

Also, I fished the first run and went to re-rig. I pulled some 4x from my spool, and got about a foot before I ran out. No big deal. I'll try 5x. Pulled about 8 inches off that before it ran out.

Two dozen mosquito bites and a shot of DEET right in the eyeball when waiting for you guys to come back pushed me over the edge. We'll get it right next time (which should be some time in early august for me!)
