A newer \$35 Pflueger 1495 -- I cut part of the back out in a crescent shape for additional finger drag when I fish for hybrid stripers. Works like a charm.

\$.99 Nail clippers instead of \$4 snips.

\$20 lumbar pack with glued on fly pad. Just as big and multi-pocketed as a \$59 fish pack.

Wading staff cut and shaped from an oriental cherry tree in my backyard. Have had it for years. Very strong. Works great.

Tippet "dispenser" that's nothing more than a .99 velcro nylon wallet I bought 15 years ago.
