It'll sound real nice up until you wake up in a pool of your own vomit, being bounced around the back of my Element and you wonder, "Where'd that \$100 go, and why am I so itchy?"

Then, then it'll sound fantastic!

I'll even name the rod Sparky, in honour of you. and engrave the reel with the words *Phthirus pubis aeternus*, so as to honour the memories of what transpired when I received it. The memories will last a lifetime, or until I break it, send it to Orvis and they waffle on it tell me I can't have a new one and offer me a gift card for a quarter of the value of it. Or, does that only happen to Little Lehigh?
