Mario,

The key word is "illegal". With all due respect, I honestly think that trying to convince people to accept ILLEGAL immigration is going to be a tough sell. I know many legal immigrants and I would consider them friends. I also have some friends that may or may not be legal. I never asked them. I do know that if you follow the rules, pay your taxes, and live within the same system as the so called "natives" that you will be accepted and respected by any reasonable, level-headed person.

I don't know what your story really is, and I don't know if you were "legal" or not. Regardless of that, you are clearly contributing to what makes America great and that's to be commended.

My commentary.
