I'm not yet sure if I will be at the new show. I will be at Somerset. They have not yet sent us any details about the new show. So I don't even know the set-up- tyers isle or such. I'm worried it will hurt the smaller NCC-TU show later in March. That is much more beneficial to go to since the profits go to stream issues. NCC-TU give FSTU and other monies so we can continue our work projects.
