Fished Slate Run morning of 9/13/06

Weather Cloudy - Rain

Water Temp 57 deg

Water Level - Higher than Normal

Water Clarity - Clear

Fished lower reaches of Slate Run in the morning. Saw no hatches (but maybe due to persistent rain).

Caught no fish, no strikes.

Flies used:

Parachute Adams

Wooly Bugger Black

Pheasant Tail Nymph

Green Weenie

Streamers

Slate Run Tackle Shop told me other anglers had better success, but none on the day I was on the stream. No other anglers were nearby which added to the enjoyment!
