well, thanks to all who helped destroy the dignity of this page.

This "page" never had any dignity.

OH i get it!!! he has a email notification sent when someone responds to the threadddd...not his inbox on pafff.com...but his email inbox!! gee im dumb i was tryin forever to figure out how you got 86 messages over this...now it makes sense! edit: i see if could be his paff inbox if that is where the notification is directed...didnt see that option i simply assumed it went straight to an email account...but noooowwww i get it!

Nice job! Not only did you fix his problem but you made me laugh quite heartily. I had gone back and read his posts wondering why people were hammering him.
