Matt,

Virtually all of IBSP is accessible to a foot bound angler. There are some bathing beaches that I think are closed to fishing in summer (I only fish it in the spring and fall). The paved road ends about 1.5 miles from the lower end of the park where the North Jetty lines Barnegat Inlet. You can park at the end in a paved parking area and walk down to the jetty. This is what I described doing further up in this thread. IBSP is a beautiful place and my favorite saltwater fishing destination in the northeast (when I can't get to Montauk :).
