Just would like to give a praise/thumbs up to Yellow Breeches Outfitters. I traveled up from North Carolina to visit family as I slowly transition out of the military. I am assembling fly gear for when I return to get back into fly fishing.

I ventured into the shop to buy an inexpensive reel and was hooked up with a Greys G-Series 5wt reel and some backing with Hardy Line. Spooled up nicely by the shop. So I would just like to thank them for helping me to get back into the game. The wife and obligations only allow so much at a time to be spent so I was glad to get the reel. Thanks a lot.
