- ALWAYS carry a spare car key! Don't ask how I would know this...
- Use laundry baskets to store and carry fishing gear, including boots, waders, vest/chestpack, etc. When carpooling with fishing buddies, you'll have everything in one place, making it much less likely to leave something behind.
- Lists are good; the most useful ones are made the day before, or earlier.
- Be sure to carry water and some sort of energy food with you
- Its a good idea carry at least a few attractor dry fly patterns (Stimulators, Wulffs, etc.) on every outing.

I'm sure I can think of more to add later...
