Someone harvested my L key, apparently.

ewwww. Jerry didn't tell ya bout the "L key Monday" Easter Egg is OS X?

Its a feature, as we move towards the much more efficient Metric alphabet.

Lord Jobs has decreed the L key spurious, like the floppy! ALL HAIL! YOU DO NOT NEED THE LETTER L TO TYPE OUT STEVE JOBS!

IA! IA! IA! JOBS FHTAGN! JOBS FHTAGN!

Although, in hindsight, you do need it to type out *Ph'nglui mglw'nafh Jobs Cupertino wgah'nagl fhtagn*, eh?

IA! IA! JOBS FHTAGN!
