I'd love to try the salt , I have an 8 wt bass taper 8wt line , I can tie a decent Clouser , where is this Hook you speak of? Would that equipment fit the bill? If YOU were ME where would you start?

The "hook" they're talking about is a location along the New Jersey shore known as Sandy Hook. If you look at a map of NJ, it's the very prominent peninsula just south of Staten Island. It used to be a military base situated for the defense of the approaches to NYC. Although it's not my favorite part of the NJ shore (terrible traffic), it would probably be a good place to learn saltwater FFing.
