Glad to hear you will be joining us. I've said it before, but it is worth repeating: the Jamboree is the best way to increase your positive experience on the Message Board. It's an opportunity to make the connection between an online social community and so-called "real-life."

To those new to the board, there is often a feeling of being on the outside looking in because so many of us seem to know one another. I would be willing to bet that a lot of these online friendships you can see were forged at PAFF get-togethers such as the annual Jamboree.

I've had some horrible fishing conditions during prior Jams, but never had a bad time meeting other attendees.
