I suscribe to Fly Fisherman. However, the only reason I renew my subscription is because every Xmas they offer 2 suscriptions for the price of 1, so me and a fiend always go halves. Lately I have been less than pleased with the publication. Each issue is about 10 pages shorter than they were last year. Plus, each article is 8 pages long and bounce around and don't continue from 1 page to the next. We will see if I renew next Xmas; probably but for the wrong reason.
