Yep ...I hit Carks every year but I usually fish the special reg section I've tried the handicapped section but thats usually when im feeling lazy.I fish the Quitty,Manada,and the streams out at IGMR since their only a short drive from home.Clarks and Wiconisco are usually an all day trip as are the streams around Carlisle but we do fish all around the state.Sometimes it just takes a bit longer for me to get into a spot,but having a6'6" trailbreaker is a big help.I also fish Lititz weekly as they have a nice ly mowed path to crutch on
