I probably fall somewhere in between instructor and student.

You'd make a fine instructor - I've seen you fish. I could use your help, if this comes to be.

The reason I picked a Saturday in February, is that I'll probably be back to teaching by March. It'd also be a nice way to break the cabin fever doldrums. I'm thinking the last Saturday in February would be good - might be a bit warmer by then.

We'd do this at the regs section - lots of room for casting there.
