Ray Bergman's "Trout." When I now re-read parts of it, I am amazed that some of today's "new" discoveries are really old hat. For instance, Bergman dropped underwater flies off dry flies in the 1930s, which was a highly touted "new" tactic about 12 or 14 years ago. The book has nice style, too. "Trout" is still one of my 10 favorite fly/trout fishing books.
