What's sick is that I was gifted a bag of golden pheasant tips, and I have absolutely no use for it. I do not enjoy tying or fishing royal anything, but will jump in you guys have trouble filling it up.

Then again, the only fly I used in yellowstone NP was a royal wulff. If anyone wants one baptized this summer, send it my way. 😊 Will take pics of any fish that it fools.

My avatar just gave me some ideas for the golden pheasant. 😊
