Here is a pretty good link that may spark some ideas for ya'll.

<http://flyangersonline.com/features/oldflies/part478.php>

I'd like to see someone submit the royal coachman parachute.

Personally I'm getting in on this cause at a few points in the past while conversating with Gfen he convinced me to purchase golden phesant tail tips, an array of bright colored floss and numerous unnecessary animal furs. I think the least I owe him is combination of the said above on a hook.
